

**I Want To Give S-RC Chamber Members
2 Free Hours of Computer Support
To Prove I Can Make Your Computer Problems
Go Away Faster And With Fewer Headaches
Than Your Current Computer Guy...**

My name is Allen Cross from Business Data Systems here in Salem. As a business owner myself, I know how frustrating computer problems can be for a small business. I also understand how difficult it can be to find a dependable computer expert that is easy to reach, responds quickly to your calls, and who will give you honest, straight-forward advice you want.

That's why I'd like to offer you **2 FREE Hours of technical support with zero strings attached**. You see, I know that we are hands down the best at what we do, but I don't think it's fair for you to risk your money to find out. Giving you 2 hours of free computer support will let us demonstrate our expertise and earn your trust BEFORE you spend a dime.

To secure your **2 FREE hours of computer support**, simply give me a call on my direct line: 540-**387-1015** or e-mail me at across@bds-web.com

Remember, you are under NO OBLIGATION to do or buy anything. And if you decide not to hire us for more work after the two hours are up, that is okay too.

No guilt, no questions, no problems. Must have 5 or more PCs and a server to qualify.
